Notification Options

A Cause We Care About

Never Miss a Resident's Call for Help

We know that caregivers are never in one spot for very long. There are a million tasks to accomplish every day and you need to be in every corner of your facility. Super Nurse Call systems are equipped with call notification options that enable you to fly to the rescue, including remote panels, hallway lights, pagers, and an app that notifies your iPhone.

We want to help you be super all the time and never miss a resident's call for help. [Click here to learn more about our notification options or call us today to design the right call and notification system for your facility.](#) Make your lives easier and attract customers to your facility with Super Nurse Call.

Save Soil is a global movement to address the soil crisis by bringing together people from around the world to stand up for Soil Health, and supporting leaders of all nations to institute national policies and actions toward increasing the organic content in cultivable soil.

How you can help:

- Learn about Soil - Watch the video on the Save Soil website to learn about the causes behind soil degradation.
- Talk about Soil - Help the world understand the soil crisis by sharing information with your network.
- Become an Earth Buddy - Dedicate 10 minutes of your day to the movement.

52% of Agricultural Soil is Already Degraded
